

UW-Madison Summer Program for Undergraduate Urology Research

2024 SPUUR Program, May 28 – August 2 Meta Mondays*

* Note that the first event is on a WEDNESDAY due to the Memorial Day (MONDAY) holiday and the TUESDAY move-in process

WEEK 1

May 29, WEDNESDAY	9:00 AM	HSLC, room 1244 – Welcome, orientation, Q&A
	11:30 AM	Break for lunch
	1:00 PM	Group activity: Tour west-end of campus: begin at MFCB, end at Babcock Hall
	3:30 PM	Meet PIs

WEEK 2

June 3, Monday	9:00 AM	HSLC, room 1244
	10:00 AM	Nathan Tykocki, PhD: Maximizing your summer research experience (virtual) Douglas Strand, PhD: What is so cool about urology research? (virtual) Graduate student panel: Ur-ine for a good time studying urology in grad school!
	12:00 PM	Break
	1:00 PM	Group activity: Tour research labs in Vet School
	3:00 PM	Report to research areas

WEEK 3

June 10, Monday	9:00 AM	HSLC, room 1244
	10:00 AM	Allan Jhagroo, MD: Pathophysiology and management of kidney stones Aaron Miller, PhD: Urobiome and kidney stones (virtual) Kristina Penniston, PhD, RDN: Nutrition and kidney stones
	12:00 PM	Break
	1:00 PM	Group activity (MFCB 3114): Design a clinical study (led by Kris Penniston and Allan Jhagroo)
	3:00 PM	Report to research areas

WEEK 4

June 17, Monday	9:00 AM	HSLC, room 1244
	10:00 AM	Chad Vezina, PhD: Prostate research, LUTS Jill Macoska, PhD: Prostate research, fibrosis (virtual) Teresa Liu, PhD: Prostate research, aging
	12:00 PM	Break
	1:00 PM	Group activity: Tour UW-Madison Animal & Dairy Sciences laboratories
	3:00 PM	Report to research areas

WEEK 5

June 24, Monday	9:00 AM	HSLC, room 1244
	10:00 AM	Laura Preves Helgeson: UTIs, the patient's perspective (virtual) Nazema Siddiqui, MD, MHS: UTIs, the clinician's perspective (virtual) Alan Wolfe, PhD: UTIs, the scientist's perspective (virtual)
	12:00 PM	Break
	1:00 PM	Group activity (HSLC 1244): Developing a research question (led by Whitney Sweeney, PhD, University of ICTR)
	3:00 PM	Report to research areas

WEEK 6

July 1, Monday	9:00 AM	HSLC, room 1244
	10:00 AM	LaTasha Crawford, PhD, VMD: Bladder research, pain Alejandro Roldán-Alzate, PhD: Bladder research, mechanics Hannah Ruetten, PhD, DVM: Bladder research, incontinence in cats (virtual)
	12:00 PM	Break
	1:00 PM	Group activity (MFCB 3114): Writing a research abstract, designing a poster
	3:00 PM	Report to research areas

WEEK 7

July 8, Monday	9:00 AM	HSLC, room 1244
	10:00 AM	Vinaya Bhatia, MD: Patient-centered research in urology Kathleen Kan, MD: Patient patient-centered urology care and research (virtual) Naeem Bhojani, MD: Health-related quality of life in urology (virtual)
	12:00 PM	Break
	1:00 PM	Group activity (room TBD):
	3:00 PM	Report to research areas

WEEK 8

July 15, Monday	9:00 AM	HSLC, room 1244
	10:00 AM	Lauren Baker, PhD, DVM: Genetics and kidney stones Catherine Brownstein, PhD, MPH: Genetics in bladder pain/interstitial cystitis (virtual) Dolores Lamb, PhD: Genetics and male infertility (virtual)
	12:00 PM	Break
	1:00 PM	Group activity (HSLC 1244): <u>Practice research jamboree presentations</u>
	3:00 PM	Report to research areas

WEEK 9

July 22, Monday	9:00 AM	HSLC, room 1244
	10:00 AM	Walid Farhat, MD, GPLLM: Pediatric urology, surgeon's experience Neil Palioian, MD: Pediatric urology research, bones and stones Maryellen Kelly, DNP, MHSc: Pediatric pediatric microbiome research (virtual)
	12:00 PM	Break
	1:00 PM	Group activity (room TBD): <u>Hands-on surgical or animal lab</u>
	3:00 PM	Report to research areas

WEEK 10

July 29, Monday	9:00 AM	HSLC, room 1244
	10:00 AM	TBD: Next steps – Preparing for grad school TBD: Next steps – Starting and maintaining a CV
	12:00 PM	Break
	1:00 PM	Group activity (HSLC 1244): <u>Evaluations, feedback, focus groups</u>
